"CORNELL" SHOE

Stamped on a Shoe
MEANS STANDARD OF MERIT
6th AVENUE CORNER 20th ST.

The "Cornell" Shoe

is the finished product of specialists in shoe making. One expert selected the materials—rejecting all but the best; another designed the shape—hence its clean, graceful lines; others did the making. Result: A shoe made to fit, to wear, to look well; a shoe with all silk stitching, re-inforced back and white-oak-tanned soles.

The "Cornell" Shoe. \$5.00

They are made of Black Cordovan, New Shade of Winter Russsets, Imported Patent Leather, Highest Grade Calfskin, Enamel Leather.

The "Cornell" Shoe competes with the best made-to-order shoes in materials, style and make, but costs less than half as much. It is sold by trained clerks in a spacious, elegant store, under responsible warranty.

FLINT'S FINE FURNITURE

A GLINT OF GOLD.

The richest pieces on our drawing-room floor are those in which gold plays a part. Not a leading part, however, as we never make the fatal mistake of using gold too lavishly.

Chairs and sofas of French shapes are covered almost to the edge of the frame with satin damask, leaving richly carved bits of the gold to show, like glittering inlays, against the silk. The contrast between the sumptuous yellow and the delicate damask tints, soft blues and creams, salmon pinks and gray greens is altogether charming.

A convenient picking ground for autumn wedding gifts.
